

# FUNDRAISE WITH HAULSTR

We make mulch delivery simple with online/mobile orders & convenient scheduling. We also partner with community organizations, raising money to support their amazing work.

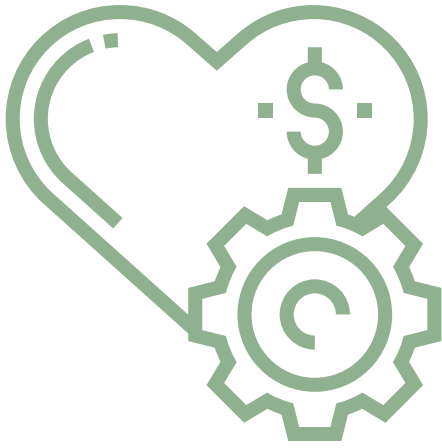

## What Haulstr Gives:

We donate \$5 for each yard of mulch ordered through our community partners.

## What You Make:

An average Haulstr order is 6 yards—that's \$30 to the organization per order!

**We do the heavy lifting,  
you earn cash for your  
inspiring work.**

## 2 steps to earn with Haulstr

### 1 We give you a link.

We provide you a custom link and sample content to share on social media, newsletters, tweets, and Facebook posts.

### 2 Share and earn!

That link takes people to a web page with your logo and description. When they order, Haulstr pays you!

## Where and when should I promote my link?

**Here's how you can promote your link to earn money  
from mulch orders:**

- We recommend posting 10 times over a 12 week season.
- Promote in your email newsletters.
- Post on your social media channels (Facebook, Twitter, Instagram, LinkedIn).
- Share with your partners, i.e. if you're a school connected with a church, ask the church to share in their email newsletter, too!

**Easy Win. Thanks for doing this!**
